TOBIAS MUMO

Professional Summary

Aspiring Front-End Developer with a strong foundation in web development technologies including HTML5, CSS3, JavaScript, and React.js. Currently enhancing my skills through practical projects and an attachment program focused on modern front-end development. Passionate about creating visually appealing, user-friendly, and responsive web applications. Seeking to contribute technical expertise and creativity to a forward-thinking development team.

Skills

- HTML5, CSS3, JavaScript (ES6+)
- React.js, Next.js (optional if you know)
- Responsive Design (Mobile First, Media Queries)
- Version Control (Git, GitHub)
- UI/UX Fundamentals
- API Integration (REST APIs)
- Basic understanding of Backend (Node.js/Express) (optional)
- Problem-solving and debugging

Education

Diploma in Computer Science

The Cooperative University of Kenya — Nairobi [April, 2021 – September, 2024

Experience

Front-End Development Attachment

Efisales Company — Nairobi October, 2024 – Present

- Developing and maintaining responsive websites and web applications using React.js, HTML5, CSS3, and JavaScript.
- Collaborating with design and backend teams to create seamless and user-centric web interfaces.
- Applying best practices in coding, version control, and deployment workflows.
- Participating in code reviews and team stand-ups, improving skills in Agile environments.

Projects

Portfolio Website

 Designed and developed a personal portfolio to showcase projects and skills using React.js and Tailwind CSS.

Simple E-commerce UI

 Built a mock e-commerce front-end with shopping cart functionality using React and Context API.

Weather App

 Developed a weather application that fetches real-time weather data using a public API and displays it in a responsive UI.
